

Environmental Policy

Llais y Goedwig recognises that as an employer and service provider, it has the capability to both control and influence impacts on the environment.

Llais y Goedwig will aim to provide a safe and healthy working environment for all its staff and will ensure that its Health and Safety policy pays regard to environmental issues.

Llais y Goedwig will continually strive to minimise the impact of its activities on the environment wherever possible.

Llais y Goedwig will aim to promote environmental awareness amongst its member organisation and civil society.

Llais y Goedwig undertakes to:

- Abide by all relevant environmental legislation.
- Act responsibly with regards the consumption of water and energy within their office.
- Encourage the use of public transport and car sharing and as an alternative to each individual using a private car.
- Re-use or recycle materials, where possible.
- Minimise the use of non-renewable resources.
- Wherever possible purchases will be from locally sourced, manufactured or purchased products and services.
- Minimise the amount of waste generated.
- Use the least environmentally damaging products.
- Develop and support initiatives to promote good environmental practice among members and other woodland users
- Promote the principles of sustainable use and management of woodland.

LLAIS Y GOEDWIG POLICY STATEMENT

To ensure that this policy is adhered to as fully as possible, Llais y Goedwig will:

- Monitor the compliance with this policy and rectify any breaches.
- Review the policy periodically to take into account changes in environmental legislation or in the activities of Llais y Goedwig.

Signed:
