

FSC®F000231

FSC® certification for small and community woodlands - What, why and how?

23rd March 2pm-3:30pm

What could certification mean for your woodland? Why should you consider it and how would it work? A joint session from Forest Stewardship Council® UK, Community Woodlands Association, Llais y Goedwig and Small Woods Association, looking at the benefits of woodland certification and exploring what it would mean on a practical level for community and small woodlands.

Agenda

- | | |
|--------|--|
